Your wedding should be one of the most romantic and memorable days of your life, but sometimes achieving that can be stressful. That is where House of Travel On Victoria can help!

We can organise your entire wedding from start to finish, whether it's getting you and your guests to that dream location or offering the expertise and inspiration of our professional Wedding Designer who will take the hassle and hard work away by liaising directly with the resort on your behalf to help organise and plan your

wedding day requirements.

### Weddings in the South Pacific

Imagine a wedding where the phone won't be ringing constantly, even the mother of the bride will be relaxed and if you can't find your wedding shoes at the last minute it won't matter; as a barefoot wedding is often the norm in Fiji!

### Weddings in Asia

Exotic and romantic, getting married in Thailand is a special way to experience the unmatched generosity and friendly culture. Whether paradise for you is a secluded, sapphire-blue beach, an oriental adventure or the royal treatment at an exclusive resort, Thailand can provide an excellent wedding backdrop.

You can choose an intimate ceremony with just the two of you or invite family and friends to share your special day – they'll jump at the chance to join you in this exotic paradise. Asia is a great choice if you are wanting to invite guests from other parts of the world where you can all meet in a central location and enjoy a perfect holiday destination.

### Weddings in Las Vegas

Get married by Elvis: The ultimate American wedding!

Enjoy the glitz and glamour that Las Vegas has to offer. Watch the fountain show outside the Bellagio. See the Pirate Show outside Treasure Island. Watch the Volcano erupt outside the Mirage. See the laser show downtown at the Fremont Street Experience. Visit the Grand Canyon. The options are endless and of course shopping!

Las Vegas is truly a fantastic destination and a wedding you will remember for ever.

### Honeymoon Bridal Registry

A gift register is a fantastic way for brides and grooms to have the honeymoon of their dreams. We can set a register up for you which your guests can contribute to. Just before the wedding we will provide you with a list of who has contributed.
